As a new decade begins, so does a special year for the brotherhood of Alpha Pi Lambda as it is our 75th Anniversary. Alpha Pi was founded on Drexel's campus on March 3rd, 1935. Over the years, we have continued to grow and improve in all aspects of brotherhood. This upcoming March, we will be celebrating the occasion with our annual Anniversary Ball, which will be held in the Great Court in the Main Building. Not every fraternity can say that they have been on campus for 75 years, so it truly is a momentous occasion.
